

# **Security Enforcement Bureau** ***We Take Customer Service Personally!***

*A Message from SEB's Management Team:*

**We secure and protect some of America's finest corporations.**

More than 950 security officers manning over 160 sites.

**We are large enough to serve every client and small enough to ensure each client's complete satisfaction.**

Why we've been around for 17 years and expanded into 11 states.

**So how personally do we take our customer service?**

Very very.

**We provide immediate, personal response to client concerns and service requests.**

Anything less and our CEO wants to know.

**You see, our CEO will take your call, 24/7, whether it's 3 p.m. or 3 a.m.**

That would ruin our day, so we make sure to make yours.

**Call today!**
