LOOK AT IT DIFFERENTLY

# WHY **IT** MATTERS.

You like your IT like you like electricity.  
Flick the switch, the lights come on.  
Every time. No explanation required,  
no understanding necessary.

Same with technology. Any kind.  
Anywhere. Office – Road – Home.  
Hit the switch, the system starts. Instantly.  
Up and running. Everywhere connected.

**[THE DAY BEGINS.]**

Now, quite suddenly, connectivity (our job)  
and productivity (your job) have become  
one in the same.

**[OUR CUE.]**

Enter Ash Creek Enterprises, with a *more*  
personal approach, a different kind of IT  
experience. The working edge.

Say goodbye to all preconceived notions.  
*Sometimes* an explanation *is* in  
order. In English. (*We've got one.*)

We skip the technical jargon.  
Talk straight.

End your down days of lost data.  
Take the worry away.

Provide for a greater sense of security.  
Rest assured, *we understand*. Try us,  
we await *your* call.

**[SAFE BACKUP BEGINS.]**

The image features a complex, high-contrast texture that resembles a microscopic view of a material or a rugged rock surface. The texture is composed of numerous small, irregular shapes and patterns, creating a dense and intricate visual field. A solid black horizontal band runs across the center of the image, serving as a background for the text. The text 'EMBRACE IT SECURELY' is written in a bold, sans-serif font. The words 'EMBRACE' and 'SECURELY' are in white, while the word 'IT' is highlighted in a vibrant orange color, making it stand out as the central focus of the message.
