"It wasn't broke, but we fixed it anyway!"

They say, "If it ain't broke, don't fix it."
They say, "Leave success alone."

Not us. No, we at National Goal Post Company, the inventors and original patent holders of the Slingshot goal post, didn't listen. ***"It wasn't broke, but we fixed it anyway!"*** And why not? Success hasn't gone to our heads. Instead, we've used our heads to build on three decades of success.

**Introducing Slingshot 2001--
Better, Stronger, and Safer.**

The Slingshot Goal Post, which has been on playing fields across the United States since 1967 when the National Football League first put the then-revolutionary goal post on the field at the legendary Orange Bowl in Miami, reached another milestone in 1996.

UNCONDITIONAL 10-YEAR GUARANTEE!

We've made the Slingshot better to the point where *we can now guarantee it for 10 years.*

REPLACED FREE IF TORN DOWN!

Not only that, but if the Slingshot 2001 is torn down during or after a game, National Goal Post *will replace it at no charge.*

WE'VE MADE THE BEST BETTER!

What makes us so confident? Well, we've redesigned, reengineered, and tested the Slingshot 2001, and we've seen the results--that's why.

NEW POSTS--STRONGER AND SAFER

When you receive your posts you will see that the stubs holding the uprights and the stub going into the main standard have been redesigned. You will also notice that there are no further welds holding them in place. The reason for this is added strength to the Slingshot at those points. National Goal Post has patents pending on the posts.

**NEW CROSSBARS FIT EXISTING
SLINGSHOTS AND CAN BE PURCHASED
SEPARATELY!**

The new crossbars have been designed to fit existing National Goal Post Slingshots, and the crossbars and the uprights can be purchased separately, if you only want to add them.

NO PRICE INCREASE!

Now the best part: We are not putting a premium on the Slingshot 2001 or the new posts because of the improvements and interchangeability of parts. The cost of the Slingshot 2001 and the posts will continue to run *in the same price range as* they have been.

CHOOSE THE BEST!

There's a reason why National Goal Post's Slingshot goal posts dominate NFL, NCAA and high school playing fields across the country--an unparalleled product that has withstood the test of time and lots of kicks.

THE BEST KEEPS GETTING BETTER!

For more information, pricing, and to order your Slingshot 2001 for the upcoming season, call today toll-free: **1-800-462-5007.**
